Punjabi

Curriculum Vitae

Hafiz Qasim Ali

Lead Flutter Developer | Cross-platform Mobile Architect | Python API Development

PROFILE

Lead Flutter Developer with 8+ years of software development experience in cross-platform mobile architecture, system design and team leadership. Builds scalable Flutter applications for Android, iOS, web and desktop, with hands-on Python backend and REST API delivery for e-commerce, POS, logistics and enterprise systems.

WORK EXPERIENCE

Oct 2021 - Present

Lead / Senior Flutter Developer & Tech Lead

IKLIX, Dubai

- Led architecture and development of Flutter applications across mobile, web and desktop platforms.
- Owned e-commerce ecosystem modules including POS, delivery, dashboards and inventory systems.
- Developed Python backend services, RESTful APIs and business integrations.
- Integrated Apple Pay, Stripe, Odoo and third-party SDKs while improving release stability.
- Mentored developers through code reviews, best practices and performance improvements.

Sep 2018 - Aug 2021

Technical Developer

Massar, Dubai

- Developed iOS and Android applications with NativeScript and integrated native plugins.
- Published production applications to Play Store and App Store.

Dec 2015 - Mar 2017

Android Developer

Al-Hafiz Design Center & Jolta Technology, Pakistan

- Built native and hybrid Android applications, integrated REST APIs and improved production apps.
- Worked on Arduino-based home automation and connected mobile features.

EDUCATION AND TRAINING

2011 - 2015

Bachelor of Software Engineering

GC University Faisalabad, Pakistan

DIGITAL AND COMMUNICATION COMPETENCES

Strong collaborator with experience leading releases, mentoring engineers, reviewing code and translating product requirements into scalable mobile and backend solutions.
